To whom it may concern

C.A.S.C. wishes to inform any club / organization interested in the Kirby Bulkhead that we have found it to be invaluable to our club.

Its very fast and easy to install, takes only minutes to set up.

Takes only two swimmers to install.

Easy to transport from club rooms the pool.

C.A.S.C. has found the bulkhead to be the best it has used, so much so it has purchased a second. Also the after sale service has been outstanding. We can highly recommend this bulkhead. Any club /organization will not be disappointed when they purchase this high quality bulkhead.

Good luck in the future Bob and thanks for your support.

DAVID SWAN
President C.A.S.C
