Dear Bill & Bob,

Nunawading Swimming Club has been using the Swim Islands for just on a year now and I would just like to let you know how well they have worked for us.

Our Aquatic Centre was redeveloped last year and the 50 metre pool was deepened from 0.9m to 1.2m at the shallow end. This was going to affect our learn-to-swim program for school aged children dramatically.

When the pool re-opened last year we looked at the market place for platforms to use. We came across your Swim Islands and are very thankful we did.

We purchased four Swim Islands in mid 2004 and they are used 8 hours per day.

The Swim Island has enabled us to conduct a quality learn-to-swim program in deeper water. The kids feel very safe on the island and they stand at eye-level with many of our teachers.

We have recently installed wheels on the islands, which save a lot of carrying around on pool deck. The new wheels have worked really well, and are appreciated by our staff.

Thankyou again for providing us with the Swim Island concept and we wish you good luck in the future.

Regards

Gary Barclay
